HSS/MCr-0006 : Introduction to Music therapy

Description

Music therapy is the use of music in the accomplishment of therapeutic aims such as Restoration, Maintenance, and improvement of Physical and mental health. The program leads to the Therapeutic Application of Indian Music through the Biopsychosocial Approach & Ayurvedic Approach. It helps in the Implementation of Music therapy during Yoga therapy. The individual in this role will be able to apply music-based interventions to address the individuals' physical, emotional, cognitive, and social needs. They work with people of all ages and backgrounds, including children, adolescents, adults, and the elderly.
